

# Dryers (9 - 35kg)

professional laundry dryers

## Dryer Features

- Robust & reliable
- Easy to use
- Large loading door
- Auto cool down
- Control diagnostics
- Large lint filter
- Anti-wrinkle tumble
- Stainless steel drum
- Sensordry
- Radax airflow

dry

## Dryer Features

Laundryserv dryers contain a host of features to benefit the user and their laundry.

**large loading door** makes it easy for the operator to load and unload, and can be left or right side mounted to suit.

**auto cool down** feature helps to reduce creasing in your fabrics.

**control diagnostics** helps to detect and diagnose any faults that may occur with the machine, helping to simplify any maintenance.

**large lint filter** makes it easy to clean.

**anti-wrinkle tumble** helps to reduce creasing.

**stainless steel drum** ensures long machine life.

**full control** as standard on non coin operated machines, allows multiple programmes to be specified.

**Sensordry** as standard on single drum machines, allows the exact percentage humidity to be programmed, reducing drying times.

**Radax airflow** combines radial and axial airflow for greater efficiency and maximum heat transfer.

### Laundryserv are committed to providing a complete quality service including:

- A 24 / 7 staffed contact line
- A choice of Service Level Agreements, including an 8 hour response option
- 95% First time fix rates
- Preventative maintenance visits
- Nationwide team of fully qualified, trained engineers
- Choice of full service rental or purchase and callout packages
